

Montessori School Leadership Multimedia Kit Video List

Overview Program Two: Public Montessori Schools and Secondary Schools

The videos on the DVD included in this kit are divided into four segments. Some of the titles provide inspiration on a topic. Some will serve as great staff development discussion starters. Some can be used for marketing Montessori to parents or the community. Others can be used for curriculum design ideas. There is one main speaker featured in this program.

Marta Donahoe has been in public Montessori for over thirty years and was a founder of Clark Montessori Junior High School and Clark Montessori High School. Currently, Marta is the director of the Cincinnati Montessori Secondary Teacher Education Program (CMSTEP) that works with secondary teachers and administrators from both public and private schools. Many of her videos focus on secondary curriculum issues and management from the perspective of a public school administrator. Some of her videos contain inspiring stories and commentary from high school students who have spent their entire education in public Montessori. These videos can be invaluable when communicating with any parent about the value of Montessori.

Secondary Programs – Marta Donahoe

A) Leadership

01 Servant Leadership *

(For supporting files see CD File 01: Introduction Resources and Video List, “03 References and Links for Videos on DVD”)
